RESOLVED, by the Board of Trustees of the California State University, acting under the authority prescribed herein and pursuant to Section 66055.8 and 89030 of the Education Code, that section 40405.1 of Title 5 of the California Code of Regulations is amended as follows:

§ 40405.1. California State University General Education – Breadth Requirements.

(a) Each recipient of the bachelor's degree completing the California State University General Education-Breadth Requirements pursuant to this subdivision (a) shall have completed a program which includes a minimum of 48 semester units or 72 quarter units of which 9 semester units or 12 quarter units shall be upper division level and shall be taken no sooner than the term in which the candidate achieves upper division status. At least 9 of the 48 semester units or 12 of the 72 quarter units shall be earned at the campus granting the degree. The 48 semester units or 72 quarter units shall be distributed as follows:

(1) A minimum of 9 semester units or 12 quarter units in communication in the English language, to include both oral communication and written communication, and in critical thinking, to include consideration of common fallacies in reasoning.

(2) A minimum of 12 semester units or 18 quarter units to include inquiry into the physical universe and its life forms, with some immediate participation in laboratory activity, and into mathematical concepts and quantitative reasoning and their applications.

The specification of numbers of units implies the right of discretion on each campus to adjust reasonably the proportions among the categories in order that the conjunction of campus courses, credit unit configurations and these requirements will not unduly exceed any of the prescribed semester or quarter unit minima. However, the total number of units in General Education-Breadth accepted for the bachelor's degree under the provisions of this subdivision (a) shall not be less than 48 semester units or 72 quarter units unless the Chancellor grants an exception.

(b) The president or an officially authorized representative of a college which is accredited in a manner stated in Section 40601 (d) (1) may certify the extent to which the requirements of subdivision (a) of this section have been met up to a maximum of 39 semester units (or 58 quarter units). Such certification shall be in terms of explicit objectives and procedures issued by the Chancellor.

(1) The student has previously earned a baccalaureate or higher degree from an institution accredited by a regional accrediting association; or

(2) The student has completed equivalent academic preparation, as determined by the appropriate campus authority.

1. The Board of Trustees finds that the 2020 FEIR has been prepared in accordance with the requirements of the California Environmental Quality Act.
2. The FEIR addresses the proposed Master Plan Revision and all discretionary actions related to the project as identified in the FEIR.
3. The Board of Trustees hereby certifies the FEIR for the California State University, Chico Master Plan Revision dated November 2020.
4. Prior to the certification of the FEIR, the Board of Trustees reviewed and considered the above FEIR and found it to reflect the independent judgment of the Board of Trustees. The Board of Trustees hereby certifies the FEIR as complete and adequate and finds that it addresses all potentially significant environmental impacts of the project and fully complies with the requirements of CEQA. For purposes of CEQA and the State CEQA Guidelines, the administrative record includes the following:

- a. The DEIR for the California State University, Chico Master Plan Revision;
 - b. The FEIR, including comments received on the DEIR, responses to comments, and revisions to the DEIR in response to comments received;

 8. The FEIR has identified potentially significant impacts that may result from implementation of the proposed Master Plan Revision. However, the Board of Trustees, by adopting the Findings of Fact, finds that the inclusion of certain mitigation measures as a part of the project approval will reduce most, but not all, of these effects to less than significant levels. The transportation impact that is not reduced to a less than significant level is identified as significant and unavoidable and is overridden due to specific project benefits to the CSU identified in the Findings of Fact and Statement of Overriding Considerations.
 9. The project will benefit The California State University.
